

The TiVo app for tablets and smartphones

Available on the App Store

The remote, reimagined.

The **free** TiVo® App for iPad®, iPhone® and Android™ is a groundbreaking new way to interact with your TiVo® Premiere DVR and take your TV-watching experience to a whole new level. With the ability to search, find shows and schedule recordings from virtually anywhere, the TiVo app truly is the ultimate entertainment companion.

- **Take total control:** View full-screen program guides and explore cast and crew information without ever interrupting the show you're watching.
- **Search, browse and discover:** Browse your recorded shows or search across broadcast TV and broadband content providers.
- **Share with friends:** Easily post comments or recommendations about what you're watching on your Facebook or Twitter accounts.

Only TiVo puts all your entertainment in the palm of your hand.

iPad

Android Tablet

Meet the newest Hollywood insider.

It's fun and easy to surface information about the show or movie you're currently watching without having to interrupt it. Dig deeper into the cast and crew or get recommendations for similar titles.

Connect to your Premiere from anywhere.

It's never been easier to keep tabs on your entertainment while you're on the road. Use the app to search for shows, manage your Season Pass® recordings, or even schedule new recordings.

Android Phone

iPhone

Take the app for a test drive in Guest Mode.

If you don't have a TiVo Premiere or TiVo HD DVR, you can still download the app and try it out. Browse, search and scroll through your program and channel guides. It's a great way to sample the TiVo Premiere experience.

TiVo Series3D, HD and HD XL DVR users will enjoy the app's guide, scheduling, remote control, search and explore features, but these users should anticipate a smaller set of features and capabilities than Premiere users. TiVo Series1™ and Series2™ DVR users can sample the Premiere experience and enjoy the app's Guide and Search features using the Guest Mode.

Specifications

Required hardware: Apple iPad or iPhone with iOS 4.0 or later. Android phone or tablet with OS 2.1 or later.

Availability: Downloadable from the App Store (iOS) for iPad and iPhone or Android Market and Amazon App Store for Android, Kindle Fire and other 7-inch Android tablets.

TiVo software: Version 14.8 or later.

Network: Local Wi-Fi network required for full functionality; some features available when away from your DVR via your wireless data network.

Multiple device support: Supports multiple TiVo DVRs on the same home network.

The planet's most amazing remote control.

Take total control of live TV and your recorded shows with a remote feature that takes full advantage of multi-touch controls.

Supported platforms: Works with TiVo® Premiere, TiVo® Premiere XL and TiVo® Premiere Elite boxes. Support is also available for TiVo® Premiere from RCN and TiVo® Premiere from Suddenlink boxes.

* Broadband Internet connection required. Due to restrictions placed by copyright holders, certain premium programming cannot be transferred to computers or mobile devices. TiVo Desktop Plus software (sold separately) is required to transfer recordings to mobile devices.
