

Wireless **N** Network
Adapter

A new generation of TiVo® Wireless Adapters

Dual band 2.4 and 5GHz

Move your HD entertainment faster.

The TiVo Wireless N Network Adapter creates a high-performance, 802.11n connection between your TiVo DVR and the Internet via your home wireless network, so you can enjoy faster downloads of HD movies and TV shows.* This next-generation network adapter also features simple push-button setup to get you up and running in minutes.

- **Less waiting:** Download HD movies and TV shows to your TiVo DVR faster
- **Quicker multi-room viewing:** Transfer recordings from one TiVo DVR to another with greater efficiency
- **Faster TiVoToGo™:** Load shows onto portable devices sooner with quicker transfers to your computer**
- **Speedier access to video on demand:** Get more rapid, reliable and efficient performance of streaming movies, web videos, and music†

* Results may vary based on your network environment.

** Transfers to some portable devices require TiVo Desktop Plus software (sold separately).

† Certain content may require a rental or purchase fee.

**Model number:**

AN0100

UPC code:

851342000841

Country of origin:

China

Configuration:

Simple push button set-up with WPS

Optional set-up available through your PC

Requirements:

Works with dual-tuner TiVo DVRs

Compatible with 802.11n, g and b networks

Package contents:

TiVo® Wireless N Network Adapter, Ethernet cable (3 ft.), splitter cable (4 ft.), power adapter, installation guide

LEDs:

Power, WPS, Signal Strength

Supported Security Types:

WEP, WPA WPA2 with tkip or AES,

WPS (WiFi-Protected Setup)

Adapter (closed position)**dimensions and weight:**

91.9 x 51.0 x 16.6 mm (3.62 x 2.00 x 0.65 in.)

Weight = 100 g (0.22 lb)

Operating temp: 0 - 40C

Storage temp: -20 - 70C

Operating humidity: 10-90% RH

Carton dimensions and weight:

185 x 122 x 65 mm (7.28 x 4.80 x 2.56 in.)

Weight = 360 g (0.79 lb)

Inner case pack (holds four pieces)**dimensions and weight:**

286 x 382 x 71 mm (11.26 x 15.04 x 2.80 in.)

Weight = 1.84 kg (4.04 lb)

Master case pack (holds 12 inner case packs;**48 pieces total per master case pack)****dimensions and weight:**

473 x 396 x 286 mm (18.62 x 15.59 x 11.26 in.)

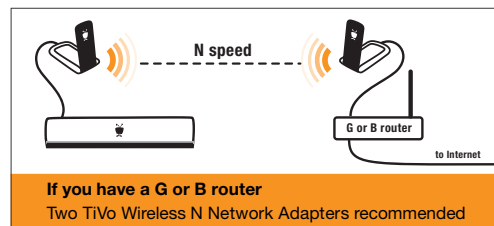

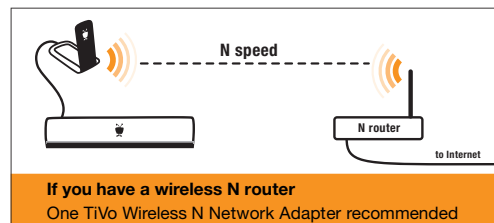

Weight = 22.99 kg (50.6 lb)

Warranty:

90 days

Even if you don't own an N-speed router, you can still use your G- or B-speed router to get N-speed downloads. It's easy. Just plug a second TiVo Wireless N Adapter into your router and create an N-speed bridge. Your TiVo will then be able to download HD movies and TV shows at N speeds.

Wi-Fi Protect Setup (WPS) is a new easy way to configure your home network. With the push of a button, your TiVo Wireless N Adapter can connect to your WPS capable router. Most 802.11n routers have this functionality included. When purchasing a new router, look for the WPS logo on the packaging.
