The all-in-one second screen application for iOS and Android

With the operator-branded mobile applications “powered by TiVo”, you can offer your subscribers access to a powerful second screen experience specifically designed to support all households – both homes with and without TiVo devices. Available under your brand in the Apple App Store or Google play store, these Mobile Apps are a one stop shop for almost anything you would want to do with content. Regardless if your customers are scheduling Season Passes, finding their favorite TV, Sports or Movies through What to Watch Now, or even watching shows with TiVo® Stream, the TiVo Mobile Apps’ intuitive user interface makes it easy! And, Mobile Apps “powered by TiVo” are flexibly built so that the app is ready to integrate seamlessly into cable operator extensions (e.g. customer help, billing, account management, etc).
