

ACCESSIBILITY FEATURES

ARE ACCESSIBILITY FEATURES AVAILABLE ON MY TIVO BOX?

- Yes! Your TiVo box is ready to help visually- and hearing-impaired users get the most out of the TiVo experience. Here's how:
 - To turn on the screen reader, press and hold the A button - the left-most button in the line of buttons between the PAUSE circle and the number pad on your remote - or two seconds.
 - To turn on Audio Description, press and hold the C button - the second from the right in the line of buttons between the PAUSE circle and the number pad on your remote.
 - To turn on closed captioning, press and hold the B button - the second from the left in the line of buttons between the PAUSE circle and the number pad on your remote.
