

TIVO
BOLT⁺

3 TB | 4K

More space. More tuners. More satisfaction.

It's got the same dimensions, but it's a lot roomier.

With six tuners and three terabytes of recording capacity, TiVo BOLT+ is the Unified Entertainment System that satisfies even the most voracious of entertainment appetites. Its SkipMode™ feature lets you skip entire commercial breaks in your recorded shows at the press of a button¹. QuickMode™ technology lets you speed through slow-moving recorded shows 30% faster, with pitch-corrected audio. Best of all, TiVo BOLT+ unifies all your TV channels and streaming content² into one simplified and searchable system, so you can start binge-watching any available show in seconds.

PRODUCT DETAILS

6

6 Tuners

TiVo BOLT+ will keep everybody in the house happy. Record six shows at once, so nobody has to miss their favorite program again.

3TB

3 TB Hard Drive

Nobody likes having to erase recorded shows. That's why TiVo BOLT+ lets you record up to 450 HD hours.

4K

Connect TiVo BOLT+ to your 4K TV and stream content in ultra high-definition resolution with spectacular, eye-popping color and detail.³

SKIP

SkipMode

Skip entire commercial breaks at the press of a single button, and resume your recorded show instantly.¹ No more guesswork, overshooting or button mashing.

QuickMode

Watch recorded shows—or live shows with a buffer—30% faster with pitch-corrected audio. It's perfect for slow-moving news, sports and political debates.

Mobile

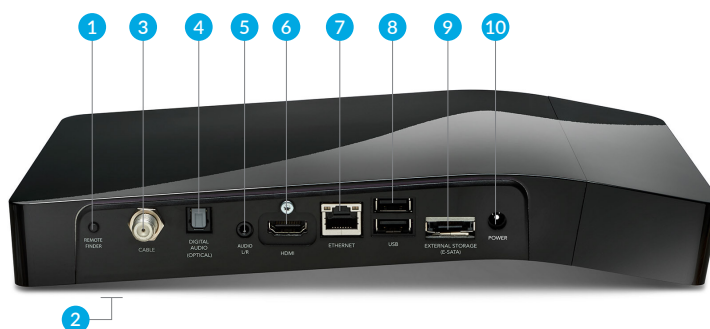

Enjoy live TV and recorded shows on your tablet or smartphone anywhere around your house. Or download shows to go.⁴

Packed-out Carton Weight: 4.3 lbs.

TiVo BOLT+

UPC: 851342000476

Model: TCD849300

SKU: R84930

(1) SkipMode feature is not available for all recorded shows. (2) Broadband Internet connection is required to access and receive streaming content. Availability of third-party content from streaming sources is subject to change, and certain third-party fees may apply. For example, Netflix unlimited streaming membership is required (and sold separately) to access Netflix content, and Amazon Prime membership is required (and sold separately) to access Amazon Prime Instant Video content. (3) Additional third-party charges may apply. (4) Compatible tablets and mobile devices consist solely of an iPad®, iPhone® or iPod touch® device running iOS 7.0 or later, or an Android™ mobile device running 4.1 or above with a non-Intel or AMD chipset (sold separately). Not all recorded content can be streamed or downloaded to a laptop, tablet or mobile device (due to copy protection assigned by content provider and/or other technical limitations). Some recorded content can only be streamed/downloaded to your laptop, tablet or mobile device while you are on the same network as your TiVo BOLT+. Out-of-home streaming (a) will support streaming to only one of your devices at a time and (b) may not be available for all recorded content. (5) Actual high-definition recording capacity may vary, depending on television signal source, content, and other factors. (6) Streaming to other TVs within the home requires a separately purchased TiVo Mini (with service included) for each TV. The TiVo BOLT+ works optimally with up to four TiVo Minis, and potentially with up to ten TiVo Minis. A multi-network adapter (sold separately) may be required.

TiVo BOLT+ functionality requires a TiVo service subscription. TiVo BOLT+ features and functionality are not guaranteed and are subject to change without notice. Visit www.tivo.com for additional information and restrictions.
